

Year 5 Home Learning Menu Spring 2024

Each week choose a different task from the list.
Home learning is due in on a **Monday**.

2. Go to <https://www.skillsbuilder.org/homezone>. Scroll down to 'Skill challenges' and pick one of the challenges to do based on a particular skill.

1. Design a poster about a religious festival or celebration

3. Complete a book review with a focus on a particular character.

4. Create a comic strip or short story which demonstrates the value of being respectful.

5. Write a letter to a person you admire (celebrity or person you know), explaining why they inspire you.

6. Write a short story with **EXACTLY** 100 words.

7. Measure different objects in your home in centimetres, order them and then convert to metres and millimetres.

8. Create a booklet about 3D shapes that are around you, in your home or local environment.

9. Using the 24 hour clock, design a timetable for a celebrity of your choice for one day.

10. Create a code problem where numbers are represented by letters. Give some clues and make sure it is possible to solve it.

11. Create a fact file about one of the planets in our solar system

12. Create a solar system model including all 8 planets and the sun

13. Write a rap, song or poem about space

14. Research a scientist who had an impact on space exploration and produce a poster/information leaflet about them.

Other Weekly Home Learning Activities

- Daily reading recorded in the learning planner
- Learn multiplication and division facts – Times Table Rock Stars can be used for this
 - Maths activities on Mathletics
- Weekly spellings and spelling shed – tested on **Friday**
